

Husbands Bosworth Church of England Primary School

Well Being Policy

Completed: September 2022

Completed By: Alan Eathorne

Review Date: September 2025

Policy Statement

At Husbands Bosworth CE Primary School, we are committed to supporting the emotional health and wellbeing of our pupils and staff. We have a supportive and caring ethos and our approach is respectful and kind, where each individual and contribution is valued. At our school we know that everyone experiences life challenges that can make us vulnerable and at times, anyone may need additional emotional support. We take the view that positive mental health is everybody's business and that we all have a role to play.

At our school we:

- help children to understand their emotions and feelings better
- support staff with their own well-being
- help children feel comfortable sharing any concerns or worries
- help children socially to form and maintain relationships.
- promote self- esteem and ensure children know that they count.
- encourage children to be confident and 'dare to be different'
- help children to develop emotional resilience and to manage setbacks.

We promote a mentally healthy environment through:

- Promoting our school values and encouraging a sense of belonging.
- Promoting pupil voice and opportunities to participate in decision-making
- Celebrating academic and non-academic achievements
- Providing opportunities to develop a sense of worth through taking responsibility for themselves and others
- Providing opportunities to reflect.
- Access to appropriate support that meets their needs

We pursue our aims through:

- Universal, whole school approaches
- Support for staff and pupils going through recent difficulties including bereavement.
- Specialised, targeted approaches aimed at pupils with more complex or long term difficulties including attachment disorder.

Scope

This policy should be read in conjunction with our Medical policy and our SEND policy in cases where pupils mental health needs overlap with these. This policy should also be read

in conjunction with policies for Behaviour and Anti-bullying, and PSHE and SMSC policies. It should also sit alongside child protection procedures.

Lead Members of Staff

Whilst all staff have a responsibility to promote the mental health of students, staff with a specific, relevant remit include:

- Alan Eathorne – Designated Safeguarding Leader – Headteacher
- Alison Vickers – Designated Safeguarding Leader – Deputy Headteacher
- Julie Pickering - Emotional Literacy Support assistant –ELSA
- Sonja Cooper – PSHE Leader

Teaching about Mental Health

The skills, knowledge and understanding needed by our students to keep themselves mentally healthy and safe are included as part of our developmental PSHE curriculum. The specific content of lessons will be determined by the specific needs of the cohort we're

teaching but we will also use the PSHE Association Guidance (Cambridge Scheme) to ensure that we teach mental health and emotional wellbeing issues in a safe and sensitive manner.

Targeted support

The school will offer support through targeted approaches for individual pupils or groups of pupils which may include:

- Circle time approaches or 'circle of friends' activities.
- Targeted use of SEAL resources.
- Managing feelings resources e.g. 'worry boxes' and 'worry eaters'
- Managing emotions resources such as 'the incredible 5 point scale'
- Primary Group Work/Mental health and wellbeing groups
- ELSA support groups.
- Therapeutic activities including art, lego and relaxation and mindfulness techniques.

The school will make use of resources to assess and track wellbeing as appropriate including:

- Strengths and Difficulties questionnaire
- The Boxall Profile
- Emotional literacy scales

Signposting

We will ensure that staff, pupils and parents are aware of what support is available within our school and how to access further support.

Identifying needs and Warning Signs

All staff will raise any concerns with the Senior Leadership Team and these are then monitor.

Possible difficulties may include:

- Attendance
- Punctuality
- Relationships
- Approach to learning
- Physical indicators
- Negative behaviour patterns
- Family circumstances
- Recent bereavement
- Health indicators

School staff may also become aware of warning signs which indicate a student is experiencing mental health or emotional wellbeing issues. These warning signs should always be taken seriously and staff observing any of these warning signs should communicate their concerns with the designated child protection and safeguarding officer or the emotional wellbeing lead as appropriate.

Possible warning signs include:

- Changes in eating / sleeping habits
- Becoming socially withdrawn
- Changes in activity and mood
- Talking or joking about self-harm or suicide
- Expressing feelings of failure, uselessness or loss of hope
- Repeated physical pain or nausea with no evident cause
- An increase in lateness or absenteeism

Working with Parents

In order to support parents we will:

- Highlight sources of information and support about mental health and emotional wellbeing on our school website
- Share and allow parents to access sources of further support e.g. through parent forums.
- Ensure that all parents are aware of who to talk to, and how to get about this, if they have concerns about their child.
- Make our emotional wellbeing and mental health policy easily accessible to parents

- Share ideas about how parents can support positive mental health in their children.
- Keep parents informed about the mental health topics their children are learning about in PSHE and share ideas for extending and exploring this learning at home.

Working with other agencies and partners

As part of our targeted provision the school will work with other agencies to support children's emotional health and wellbeing including:

- The school nurse
- Educational psychology services
- Behaviour support through Oakfield pupil referral unit
- Paediatricians
- CAMHS (child and adolescent mental health service)
- Counselling services
- Family support workers
- Therapists

Training

As a minimum, all staff will receive regular training about recognising and responding to mental health issues as part of their regular child protection training in order to enable them to keep students safe.

The MindEd learning portal provides free online training suitable for staff wishing to know more about a specific issue.

Training opportunities for staff who require more in depth knowledge will be considered as part of our performance management process and additional CPD will be supported throughout the year where it becomes appropriate due to developing situations with one or more pupils.

Adults

In a busy and demanding profession, it is crucial that the adults feel fully supported and can talk about any problems they are encountering both inside and outside of school. Whilst we all recognise that we leave our own 'baggage' at the front door in order to focus on the children of the school we must always be mindful that is difficult to do and should not be an expectation – we are all humans too and have families. We promote flexible working where appropriate and will make sure that where possible we can cover to allow staff to watch their children's productions, sporting events and key milestones in their children's education. We will also seek to find further support for the adults if we don't have the expertise in school to help support.
